Hi all,

What a great weekend of disc doggin!! I am proud to tell you all that we have a new world champion team among us and they are .....Bradley Sattler & Sonic! You all know this kid rocks on the grass but the sand didn't even slow him down, and I think the wind was his friend this weekend. He wasn't alone. There were 5 other teams trying to catch the young prince of the beach. Jaeleen Sattler & Storm came in second with Benny Wong & KD rounding out the top three. All three were neck and neck all weekend with only a few points separating them. The trophy that he took home is one of a kind and you all need to see it! Let's all see if we can dethrone him next year, (now that he is King of the beach). I would like to thank all that judged this great event. I would also like to thank Chipper Bro and all his staff and friends that helped put the Aloha Beach Festival together. We all had a great time. I can't wait for next year! Let's all congratulate them all for a job well done!!

Thank You K9Crush
