

2008 South West Hyperflite Skyhoundz final results.

HI all,

Well, I finally got it all done, and ready to post. First and foremost, Thank you so very very much to all those who did attend and support this years SW Regional contest. Kathy was just elated to see everyone, and has finally recovered from the weekend. I so much appreciate all the support well wishes and help with both her, and the contest as well. As was said many times, it was a big bite to take, but we did it with minor discomfort and problems. There were, (as in almost every contest) some minor problems and complaints, but I believe most all of them were covered and resolved in one manner or another. I would like to thank each person who did something by name, but that would require listing almost every person who attended, so I will simply say "you know who you are, and I sincerely thank you one and all. There was help in setup, running and breakdown which without, I would have spent many more hours there working, and although I like doing things myself, we never would have gotten done. We did make one mistake which worked out for the best.

Saturday started out cold, but the rain (which was said to be 70% chance) did not evolve the whole weekend. We did have a bit of wind, but if you were in the sun, it was nice, and not as cold as the shade. During the 2 days, we saw 159 rounds of disc through Free Flight and Distance. One big highlight for me was when I realized, and conferring with the judges, could announce Donna Malmlov and Sydney had a perfect score of 10 on Catch Ratio. They did not miss one disc catch. I love it when that happens.....

Anyway, there was one mistake made which I must now acknowledge and correct. There was in fact a tie for 4th place Open/Expert division, and should have been resolved with a single disc run off with the first highest point catch for D/A deciding who got 4th, and who got 5th. However, after looking at the score sheets, and seeing that the tie break criteria had been followed with the exception of this run off, I am assigning no fault to anyone, but assuming without knowing exactly what should have been done, the fact that one team had a 1 point higher score in the first Free Flight round they were assigned the higher position. Because this was not correct, there will now be invitations to compete in Chattanooga on September 27th 2008 for the Open/Expert division extended to BOTH 4th place teams.

Kathy and I hope to see all those invited to World in September as we are going to do our very best to be there ourselves.

Again, Thank you, and here is what has been recorded. If you believe there is an error, please respond in private, and if there is, I will make it public.

Mike & Kathy Miller
